

Commercial Unauthorized Material

Colorado Industrial Recycling always seeks to be a resource to our customers in any fashion we can. Our core competency lies in metal and automotive recycling. Our desire to assist our customers sometimes branches out to collecting other materials, but our capabilities are limited in this regard. Consequently, we must place some limitations on the materials we can receive. This document provides an overview of the material we must prohibit. You can also call 719-390-9500 ex. 113 with any questions you may have regarding our policies.

Hazardous Materials

Radiation-emitting Materials
Cannisters/Tanks
(with Valves Intact)
Any Type of Liquid
Sealed Containers

Light Ballasts Containing PCBs
Transformers Containing PCBs
Aerosol Cans
Paints/Sealants
Mercury-Containing Materials

Light Bulbs
Item Requiring Haz-Mat Permitting
Appliances with refrigerants
(unless recovery of freon is verified)

Electronic Waste

Televisions
Monitors
Tablets

Plastic IT Peripherals
(Mice, Printers, Keyboards, etc.)
Plastic or Wood Speakers

Hard Drives Containing Data
Ink/Toner

Batteries

Alkaline Batteries
Ni-Cad
Ni-Mh

Lithium Ion
Lithium Polymer
Wet Batteries

Lantern Batteries

Explosives

Dynamite
Flares

Fireworks
Live Munitions

Steel Munition Casings

Items with Unverified Ownership

Vehicles w/o Vin Plates

Railroad Material
(Unless Recycled by Source)

Governmental Material
(Unless Recycled by Source)

Items Requiring Disposal or Recycling Fees

Tires
Plastic (Unless Approved)
Plywood
Pressed Wood
Painted Wood

Tree Branches
Untreated Wood
(Unless Approved)
Cardboard (Unless Approved)
Paper (Unless Approved)

Glass
Cement (Unless Approved)
Dirt
Aggregates
