COMMERCIAL ROLL OFF RENTAL AGREEMENT

DELIVERY INFORMATION:

Today's Date:	Requester's Name (Responsible Party for Payment):		Requester's Telephone Number:
Delivery Address:		City/State:	Zip:
Job Site Contact (Name & Number):		Requested Date of Delivery:	Approx. Length of Time Needed (Days)*:
Business Name:	Business License/Tax ID #:	Owner's Name and Direct Phone Number:	

*You must contact us to advise when container is ready for pick up.

CONTAINER INFORMATION AND PLACEMENT:

SELECTION	WASTE TYPE*	CONTAINER SIZE OPTIONS	SERVICE RATE	WEIGHT LIMIT	OVERWEIGHT FEE	HAUL FEE
	General Refuse Disposal	30-yard Open top	$450.00/each	4 ton (8,000 lbs)	$50.00 per ton in excess	Depends Upon Distance
		20-yard Open Top	$400.00/each	4 ton (8,000 lbs)	$50.00 per ton in excess	Depends Upon Distance
	Concrete (Clean) Recycling	20-yard Open top	$200.00/each	4 ton (8,000 lbs)	$50.00 per ton in excess	Depends Upon Distance
	Concrete (w/Rebar) Recycling	20-yard Open top	$250.00/each	4 ton (8,000 lbs)	$50.00 per ton in excess	Depends Upon Distance
	Concrete (Contaminated) Recycling	20-yard Open top	$375.00/each	4 ton (8,000 lbs)	$50.00 per ton in excess	Depends Upon Distance
	Wood Recycling (Untreated Wood Only – We cannot accept plywood, pressed wood, painted wood, or wood branches)	40-yard, Open top	$200.00/each	4 ton (8,000 lbs)	$50.00 per ton in excess	Depends Upon Distance
		30-yard, Open top	$175.00/each	4 ton (8,000 lbs)	$50.00 per ton in excess	Depends Upon Distance
		20-yard, Open top	$125.00/each	4 ton (8,000 lbs)	$50.00 per ton in excess	Depends Upon Distance
	Drywall	30-yard Open top	$450.00/each	4 ton (8,000 lbs)	$65.00 per ton in excess	Depends Upon Distance
	Cardboard (Baled) Recycling	20, 30, or 40 yard, Open top	No Fee	4 ton (8,000 lbs)	$50.00 per ton in excess	Depends Upon Distance
	Cardboard (Unbaled) Recycling	20, 30, or 40 yard, Open top	$250.00/each	4 ton (8,000 lbs)	$50.00 per ton in excess	Depends Upon Distance
	Metal Recycling	10, 15, 20, 30, and 40-yard, Open top or fully enclosed	Rebate; market value	10 ton (20,000 lbs)	Container will not be hauled.	Depends Upon Distance

*All material submitted to be recycled must follow quality guidelines or they will be billed as General Refuse.

LOCATION OF ROLL OFF CONTAINER/SITE PLACEMENT/SPECIAL INSTRUCTIONS:

_____

LIABILITY WAIVER:

The container(s) being requested is/are being placed on private property at my discretion, or at the discretion of representatives of my company. I release Colorado Industrial Recycling of any liability in the event damage to the property is incurred during the servicing of the containers in question. _____

OVERLOADING/OVERFILLING CONTAINERS:

I understand that a container is considered full when the material is level with the sidewall of the container, and that I may not load anything into the container that protrudes outside of the four walls of the container. I further understand that I may not load the containers in excess of Federal DOT weight limits. CIR drivers reserve the right to refuse to haul any container that is either overweight or that has material protruding over the lip of the container. If the container is not in a condition to transport, I understand I will be charged for the cancelled haul. If the container is hauled, I understand that I am responsible for any overweight fines that are incurred. _____

BILLING INFORMATION:

Name on Card:			
Credit Card Number:		Expiration Date:	CVV:
Billing Address:	City/State:		Zip:

The information above is true and correct to the best of my knowledge. I understand that unless otherwise indicated in writing, all charges will be billed prior to dispatching container requests. I agree to pay all charges incurred on this account, including a finance charge of 1.5% per month on past due balances, and agree to pay all collection fees including attorney costs in the event this account becomes past due.

COMMERCIAL ROLL OFF TERMS AND CONDITIONS

GENERAL REFUSE, CONCRETE, AND WOOD CHARGES:

The disposal rates outlined above will be charged to the credit card on file at the time of the request, not at the time of the haul. If the charge does not go through, or we are unable to collect payment, the container will not be serviced. Any additional fees (e.g. overweight fees, haul fees, rental fees, etc.) and all wood recycling fees will be charged to the credit card on file within 24 hours of the container service. Itemized invoices will be sent at the end of each month unless otherwise indicated.

RECYCLING CONTAINERS:

If the haul fee exceeds the value of the rebate of the material being recycled, this excess charge will be billed to the credit card on file within 24 hours of the container service. If the material being recycled does not meet quality standards or is contaminated, the container will be billed as General Refuse to the credit card on file. For specific quality standards, please contact us at 719.390.9500.

CONTAINER SERVICE STANDARDS:

Our roll-off operating hours are Monday through Friday, 8:00AM to 3:00PM. Apart from periods of inclement weather, all service requests, Monday through Friday, will be serviced within one business day, unless otherwise specified. We are closed on weekends.

OVERLOADED, OVERFILLED, AND OVERWEIGHT CONTAINERS:

Overloaded, overfilled, and overweight containers pose serious safety concerns. A container is considered full when the material is at or below the sidewalls of the container. Our drivers cannot legally haul a container that is overfull, overloaded, or overweight and will refuse service until you have corrected the issue, which will result in a haul fee and may incur additional rental fees. A container is also considered overfull if the material is packed too tightly into the container. Concrete, dirt, roof gravel, asphalt, and wood roofing shingles require special handling because of the weight. Make sure that these specific loads are spread evenly in the container and the container is only loaded three (3) feet deep. The weight of any waste material placed in the container may not exceed our weight limits. For 20 yd., 30 yd., or 40 yd. containers, that limit is 10 tons. For hook lift 6 yd., 10 yd., 15 yd., or short 20 yd. containers that limit is 4 tons. In the event a container is found to exceed legal weight limits set forth by Colorado Department of Transportation and the Federal Motor Carrier Safety Administration, any fines assessed by these agencies will be billed immediately to the credit card on file in addition to the overweight fees assessed by Colorado Industrial Recycling.

CONTAINER ACCESSIBILITY:

All containers must have four (4) feet of clear access around the sides and rear of the container as well as twenty-five (25) feet of clearance from the front of the container for it to be serviced. If the container is not accessible, you will be billed a haul fee for the trip, and additional rental fees may apply until the issue is corrected and the container becomes accessible.

PROHIBITED ITEMS:

The following material may not be placed into any container provided: appliances containing refrigerants, materials containing asbestos, PCB(s) or PCB materials, sealed units/tanks, CFC(s), HCFC(s), and/or substitute refrigerants and gases, gasoline, fuels, oils, antifreeze, sealed drums or barrels, explosive materials, pyrotechnic devices, firearms or munitions, compressed gas cylinders, nickel-cadmium batteries, nickel metal hydride batteries, lithium batteries, alkaline batteries, televisions, computer monitors, electronic waste, tires, mercury switches, radioactive material, liquids of any kind, or any other hazardous material. Plastics, plywood, pressed wood, painted wood, and tree branches are allowable for our General Refuse Disposal service but are prohibited for any of our recycling services.

DAMAGE TO ROLL OFF CONTAINERS:

Once a container has been placed, ***do not move, tow, or alter it's location***. Painting or marking a container is strictly forbidden. If you damage or paint a container, you will be billed the cost for repairs at a rate of $100.00 per hour, plus the cost of material. If you damage the container beyond repair, you will be responsible for the full cost of replacement.

LIABILITY:

Colorado Industrial Recycling is not liable for damage done to items placed on or around the container, as well as the property the container is placed on, to include any asphalt or concrete roadway.

I HAVE READ AND AGREE TO THESE TERMS AND CONDITIONS:
